

MVFD
is proud to recognize
STATION 185
as the
2007 STATION OF THE YEAR!

Each year, MVFD recognizes one of its six Fire Stations as the “**Station of the Year**” in recognition for the station member’s effort to maintain the community’s investment in apparatus and facilities. The award is presented to the Fire Station that best demonstrates “Station Pride” through out the year by maintaining its station and apparatus in a constant state of readiness through cleanliness and appearance. Each of the fire stations is graded monthly on a wide variety of criteria, including items such as apparatus maintenance, apparatus and station appearance, operational readiness, and grounds keeping.

Station 185, located at 11515 FM 1488 and serving the Royal Oaks community, is the recipient of the 2007 Station of the Year. While the competition is always spirited for the Award, this year Station 185 excelled in almost every category and certainly set the bar high for the other teams at the other Stations.

Congratulations to Station 185 for a job well done in 2007!

L to R: Assistant Chief Naumann, Craig Sovinsky & Dave Ward

Shown here are Captain Craig Sovinsky and former Lt. Dave Ward of Station 185 receiving their award from Assistant Chief August Naumann. Lt. Ward has been promoted and is now the Captain at Station 186.
