The Department purchased (30) Motorola APX NEXT XN portables radios and have begun placing them in service. Each portable radio will come with (2) batteries, a lapel mic, and a holster with belt clip. The stations receiving the new portable radios will also receive a new desktop charging station. These new radios are not compatible with the old-style batteries or charging stations. Likewise, the old batteries are not compatible with the new charging stations. A training video and informational documents have been created and placed into Target Solutions as well as the “Public” network drive Y:\2. TRAINING - MAIN FOLDER\05-Training Aids-Info-Documents\Communications-Radios\APX NEXT XN Portables. Please familiarize yourself with the new radios and ask questions as needed.
